WORDS OF WELCOME

We are honoured to host the 2023 ICF Canoeing Wildwater Junior and U23 World Championships in the Czech Republic after 22 years. Our aim/goal is to reach as many of you as possible and to take wildwater canoeing to a bit higher level. We want to keep the friendly atmosphere that prevails in this sport and fair play. We are not indifferent to your satisfaction, and we will do everything to make you feel home.

WORD FROM THE PRESIDENT

Dear sports friends, ladies, and gentlemen,

It is a great pleasure for me to invite all sports lovers to the 2023 ICF Junior and U23 Wildwater Canoeing World Championships which will be held from 5 to 9 July 2023 in Roudnice nad Labem.

On behalf of the Czech Canoe Union, I would like to express my gratitude to the International Canoe Federation for their confidence in the nomination of Roudnice nad Labem as the venue for such an important event. We expect to cover the great responsibility with our best dedication and knowledge. The club KK Roudnice and members of the Czech Canoe Union, who are in charge of the organization of this competition, have proved their organizational skills by organizing several junior and senior competitions at national and international levels.

The artificial course at the venue has recently undergone extensive reconstruction, thanks to which the whitewater course meets the requirements for hosting top-level international events.

The Czech Canoe Union successfully organized many top world competitions, such as World Championships in 2006 and 2013, European Championships in 2018 and 2020, as well as a number of World Cups in Prague-Troja. I firmly believe that hosting Junior and U23 World Championships will prove our love and passion for the sport again.

I hope that the 2023 ICF Junior and U23 World Championships will bring all the young athletes the valuable experience of competing at the top international event, but also nice moments and time spent with good friends in one of the most beautiful regions in the Czech Republic.

I have to thank the organizers and volunteers for the preparation of this challenging event. My thanks also go to sponsors who are in any way involved in this event, which for some of the young athletes may be the gateway to the great world of sport.

I look forward to seeing you in Roudnice nad Labem.

Stanislav Ježek
President of the Czech Canoe Union

Roudnice nad Labem

WORD OF THE MAYOR OF ROUDNICE NAD LABEM

Ladies and gentlemen, dear athletes,

Ing. František Padělek
Mayor of Roudnice nad Labem

It is my great pleasure to welcome you in Roudnice nad Labem, the administrative centre of the Podřipsko region and a town with a rich tradition of sports. Despite its size, the sheer number of sports clubs and organisations operating in Roudnice can be a pleasant surprise. So can the variety of disciplines offered and the success of several world-class athletes that have lived here.

The Elbe river has always been a key element in the development of local life and this applies to leisure activities, too. Water sports such as rowing, canoeing and yachting naturally belong in Roudnice and I am happy that this tradition is further supported and evolving. The wildwater canal is one of many good examples that a sports facility with world-class competition parameters can also be a popular spot for the general public and their leisure and training activities. However, only events like the World Championships can use this venue to its full potential. I am certain that the young canoeists' performance will once again attract numerous spectators and inspire young aspiring athletes on their own journey to success.

Finally, let me express my appreciation to all those who make events like this possible. From youth coaches to international competition organizers. All of them belong to and create a large community united by a shared passion for sport, no matter how fiercely they can compete in their discipline. I would like to wish you a fair and friendly atmosphere and a lot of success in the 2023 ICF Junior and U23 World Championships. The town of Roudnice nad Labem, its sports venues and beautiful historical sites and places are looking forward to your visit.

THE WORD OF THE GOVERNOR OF THE ÚSTÍ REGION

Dear friends,

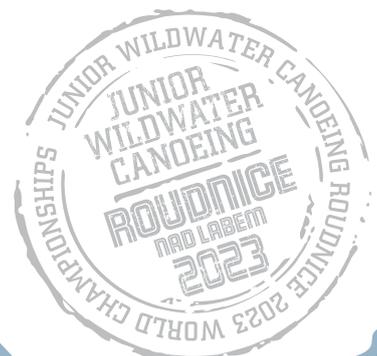

allow me to welcome you to the Ústí Region and invite you to the world championship of juniors and competitors under the age of 23 in whitewater canoeing, which will take place on July 5-9, 2023 in Roudnice nad Labem. The local water sports complex is an ideal place for organizing world-class events. It boasts a modern sports field and quality facilities. I believe that not only competitors, but also visitors will feel comfortable here.

Top athletes from all over the world will visit the Ústí Region in July to show off their best performances. The competition from the contestants will be great. However, the championship is not only about rivalry and competition, it is also an opportunity to get to know a new environment and make new contacts. I know that winning is important for top athletes, but experience or racing experiences are important too. The most important thing is not winning but taking part. The founder of the Olympic Games, Pierre de Coubertin, already knew this.

I would like to thank the organizers of the championship for organizing an event on the territory of our beautiful region that allows young athletes to rise to the limelight. It will be an extraordinary spectacle full of excellent performances. I wish all the competitors a lot of sporting success and the visitors a lot of fun.

CURRENCY

As the official currency, the Czech crown (Kč / CZK) is the best and often the only possible currency to use when paying. Although the Czech Republic is a part of the European Union, the Euro is not widely accepted here. Some shops, restaurants, and hotels accept payments in Euro and other currencies but usually with an inconvenient exchange rate.

WEATHER

July is usually the warmest month at this time of the year. The average temperature is circa 12 - 17°C at nights and 22 - 30°C during the daytime. But it is quite often much warmer.

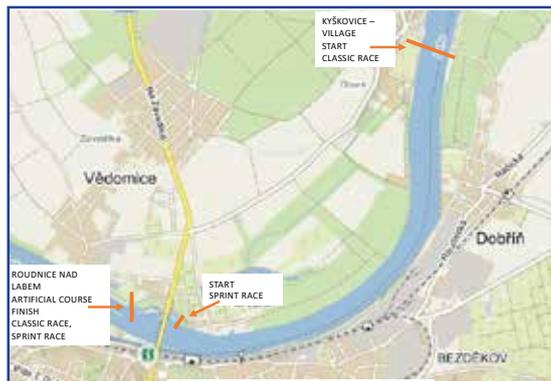

RACE COURSES INTRODUCTION

CLASSIC WILDWATER COURSE

The start of the WWC classic race is on a calm flowing river. Paddlers reach the finish via an artificial slalom course.

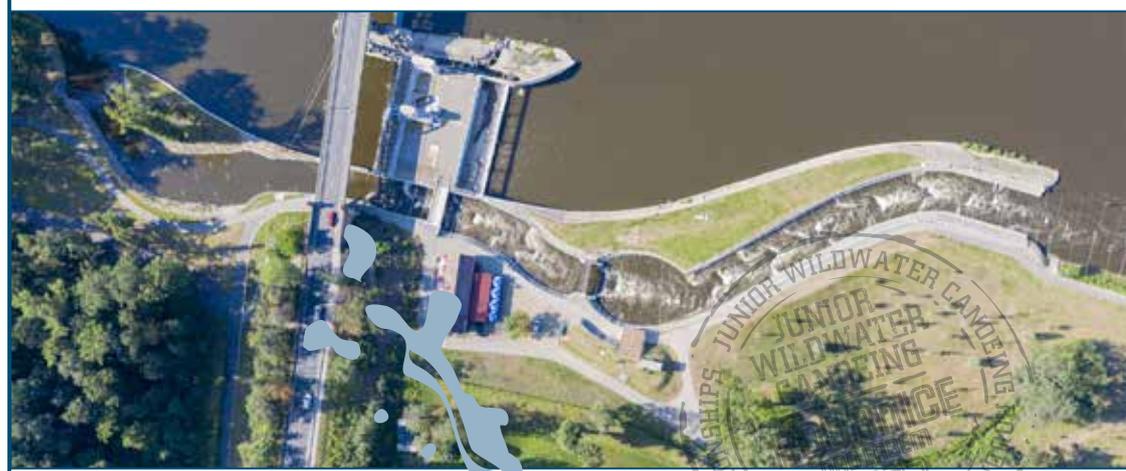

The WWC classic race course is 3.8 km long. The difficulty of the course in the Labe River is WW I, and the difficulty of the artificial slalom course is WW III.

Map of the classic race

WILDWATER SPRINT COURSE

The WWC Sprint race takes place on an artificial slalom course. The event course is 330 meters long and it takes about 50 seconds to get to the finish line.
