The Cadore

Breathtaking panoramas, pure and fresh air, a nature that is uncontaminated. Outdoor activities are combined with history and culture - this is Cadore. In Pieve di Cadore you breathe art. Visit the birthplace of the famous painter Tiziano. See the development of glasses at the Eyeglass museum. Go to Cibiana, the “Painted Village”, and you will be charmed by the stone houses decorated with large murals that narrate the history of the inhabitants of the crafts and local traditions. At the foot of the majestic Antelao and of the Marmarole, mountains included in the list of UNESCO World Heritage Sites, you will find Calalzo di Cadore.

Auronzo di Cadore

Auronzo di Cadore is among the most famous Veneto tourist resorts and is situated on the shores of Santa Caterina lake. Surrounded by dense woods and by some of the most stunning Dolomite mountains (just think of the Tre Cime di Lavaredo UNESCO Heritage), Auronzo is the ideal

destination for a relaxing and active holiday. Auronzo di Cadore is a municipality in the province of Belluno in the Italian region of the Veneto. Auronzo is located about 120 kilometres north of Venice and about 50 kilometres northeast of Belluno.

The Dolomites

10
YEARS

DOLOMITI
DOLOMITES
DOLOMITIS
UNESCO

The Dolomites are a mountain range lying in the eastern section of the northern Italian Alps. They are considered special because they are essentially composed of dolomite rock. This gives the Dolomites

their pale colour, making them fascinating and mysterious, but also causing enrosadira (alpenglow), the phenomenon where the peaks, bathed by light at dawn or sunset, take on a red colour.

In 2009, the World Heritage Committee inscribed the Dolomites in the UNESCO World Heritage List, citing the beauty of their unique landscape and geological features.

Venezia

Venice is a unique city. Surrounded by the Venetian Lagoon, it owes its splendour to the palaces built on water.

The incredible charm of a city where every corner is steeped in history, architecture, culture and art. Venice and its islands

(Murano, Burano, Torcello) attract millions of tourists from all over the world.

The Veneto Region

The Veneto is a region located in north-eastern Italy and has Venice as its capital city. The Veneto territory ranges from the Dolomites to the Adriatic Sea, from Lake Garda to the Adige, Brenta and Piave rivers. These environmental characteristics allow the development

of a thriving economy linked to the productive sectors of excellence, to great food, to internationally acclaimed wines and to comprehensive touristic facilities (mountains, sea, lake).

HOLIDAYS IN THE VENETO

What better occasion for a fantastic holiday!

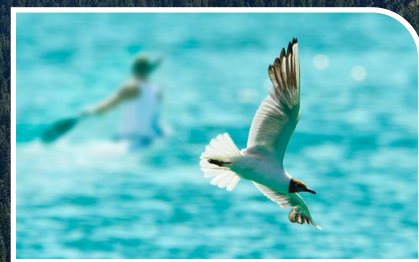

Summer proposal for athletes and families.

Take this opportunity to arrive a few days in advance in Auronzo di Cadore to visit Misurina and the Tre Cime di Lavaredo, and plan a short break after the competitions to visit Venice and the Veneto region.

If you are interested in learning more about the travel packages, send an email to holidays@auronzo2023.com, providing the following info: Name/Family Name, nationality, number of people interested and duration of your stay.

The period in which the World Championships take place is among the best for you and the best period to visit Venice and the Dolomites.

An Environmentally friendly event

The Host Organising Committee has put environmental sustainability at its centre: the basic philosophy is to make the most of existing installations, and to make sustainable, re-usable or reversible interventions at the end of the event. Attention will also be paid to other environmental aspects: differentiated waste collection

in the competition area and athletes' village, sustainable meal supply service thanks to the use of recyclable/biodegradable materials, public water distribution points for the water of the Dolomites, which is of high quality, the use of reusable water bottles and avoiding plastic bottles as much as possible.
